

April 23, 1941.

Dr. Leroy Morris,
88 Spring St.,
Trenton, N. J.

Dear Doctor:

I am writing first of all to enclose you a copy of this proclamation, I thought it was very nice. I received your letter with the copy of one from Colonel Kimberling. I will let you know in plenty time what the final plans are for transporting of the Regiment.

Please do not think I am imposing on your generosity and good nature, but I would appreciate very much having you take care something for me. I am asking you because I know that your interest is very high in this particular affair. I have ordered my placards made and shipped to Dory Laramore at the Citizens Club for the Trenton and Princeton area, he has always taken care of distributing cards in this locality for me. I wrote him, however, and have not heard from him to date. I would be very grateful if you would see if the cards have been delivered and if he is taking care of distributing them, if not, and you know some one who would want to do the job, I would appreciate having you hire them for me. There are advertizing passes which go with each card, they should be delivered at the same time. If you do not know any one who would distribute them, let me know.

Do you have any idea yet just who you will want with you at the game from Trenton. I have of course planned to have you with the Colonel and the Mayor. I want to arrange the parties so that every one will feel very comfortable and have a pleasant afternoon.

I am going to try and get to Fort Dix once again before the game and go over all final arrangements. Will appreciate hearing from you about the cards.

Very truly yours,

EM:CCJ
